WHAT IS NATURE PATCH CAMP?

TO PUT nature camp in a line its a place where you learn about nature

Nature Patch Camp is a guided, 3-day immersive experience where children aged 6 to 13 trade screens for soil, classrooms for trails, and routines for real adventure. We believe in a dynamic, impactful education that completely transcends traditional textbooks—allowing kids to learn, explore, and grow through their hands, their feet, and their natural curiosity.

Our Philosophy

Every Activity is Intentional; Every Moment, Unforgettable.

This is a fully hands-on experience where children don't just observe the world they actively engage with it. Instead of passive listening, our campers learn by doing in an environment built around exploration and discovery.

What We Do

Contemporary, Experiential Learning:

Through interactive practices like urban planting, eco-sustainability projects, and real-world outdoor problem-solving, kids live alongside nature and learn its wonders firsthand.

Beyond the Textbooks: In this immersive environment, we cultivate much more than just environmental awareness. Campers naturally develop vital life skills, deep empathy, social-emotional intelligence, and a lasting sense of responsibility for themselves and the world around them.

VENUE PARTNERS

20 Years of Unmatched Trust:

A legendary eco-sanctuary chosen by families for two decades.
A secure, private paradise optimized for worry-free child exploration.
Sprawling green trails designed to disconnect from screens.
Immaculate facilities, pristine grounds, and fresh, wholesome food.

FOR PARENTS

Everything you need to know, so you can relax too.

YOUR PEACE OF MIND IS OUR PRIORITY

■■■■ Female Staff On-Site

Female staff members are present throughout the camp to ensure every child feels comfortable, safe, and well looked after.

■ 100% Pure Vegetarian Food

All meals served are completely vegetarian, prepared fresh using pesticide-free vegetables for a healthy and wholesome experience.

■ Packaged Drinking Water

Only sealed, packaged drinking water is provided at all times. Hydration and hygiene are never compromised.

■ First Aid & Emergency Readiness

Basic first aid available on-site at all times. A hospital is located nearby and a 4-wheeler vehicle is on standby if needed.

■ Enclosed & Monitored Environment

The camp operates within a secure, enclosed space. All activities are supervised and monitored with your child's safety first.

■ Live Updates & 24/7 Calling

On-field live video calls are arranged so you can see your child in action. Our team is reachable on both numbers, around the clock.

■ Clean & Sanitized Washrooms

Washrooms are regularly cleaned and sanitized throughout the duration of camp. Comfort and hygiene are always maintained.

■ Pesticide-Free & Mindful Practices

All produce used in activities and meals is pesticide-free. We are mindful of what children come in contact with at all times.

Our Promise to You

Nature Patch is designed with children's safety, growth, and joy at its core. Every detail, from food to supervision, has been thoughtfully considered so your child can explore freely while you stay completely at ease.

Questions? We're always a call away.
